NOTICE

Change of FlashAir^{TM} App OS Compatibility with Android/ iOS

September, 2018

Toshiba Memory Corporation

To: Valued Customers,

Toshiba Memory Corporation is informing our valued customers of a plan to change FlashAir^{TM} App compatibility with operating systems of Android and iOS devices.

FlashAir^{TM} App Version 4.3.0 will be released in September 2018 or later. The FlashAir^{TM} App Version 4.3.0 or later updates will no longer support old Android/iOS versions as shown below.

	FlashAir^{TM} App Version 4.2.0 or older versions support	FlashAir^{TM} App Version 4.3.0 or later versions will support
Android	Android 4.0.1 to 8.0	Android 4.1 to 8.0
iOS	iOS 7 to 11	iOS 8 to 11

Devices running on the operating systems older than Android 4.1 or iOS 8 will be unable to install FlashAir^{TM} App Version 4.3.0 and later updates. We, therefore, request users of FlashAir^{TM} App to update iOS and/or Android promptly. About the update of your device's operating system, please contact to the device's customer and/or technical support.

If you have any questions about this notice, please contact your local technical support representative and we will be happy to support you. For information regarding how to reach your local technical support representative, please visit global.toshiba-memory.com.
